Instructions

For the following questions answer them individually

Question 1

Statement: According to a survey innumerable diseases and unhealthy habits from the recent pandemic to cancer, AIDS and obesity have plagued the mankind. Which of the following may be the most plausible cause of the situation given in the above statements?

- A The lifestyle and food habits of people are responsible for this state
- B Environmental degradation has led to the present situation
- C The people remain ignorant about their health
- D Technological advancement and fast pace of life are contributing to the spread of diseases
- E None of these

Answer: A

Explanation:

As it is given in the paragraph that unhealthy habits pandemic to cancer hence, option A is more appropriate as it describes about the lifestyle and food habits

Question 2

There has been a considerable drop in sales of four- wheelers during the past six months when compared to the number of four-wheelers sold during this period last year. Which of the following can be the probable cause(s) of the above phenomenon?

- (A) The govt. imposed higher excise duty on four- wheelers at the beginning of this year.
- (B) The petrol prices have risen considerably during the past eight months.
- (C) The rate of interest on home and car loans have been rising for the past seven months.

- A All (A), (B) and (C)
- B Only (A) and (C)
- C Only (B) and (C)
- D (B) Only
- E (A) Only

Answer: C

Explanation:

Only B and C i.e. "(B) The petrol prices have risen considerably during the past eight months.

(C) The rate of interest on home and car loans have been rising for the past seven months," are the correct options.

Excise duty doesn't affect sales as it is paid by businesses and not the customers.

Question 3

The condition of the roads in the city has deteriorated considerably during the first two months of monsoon and most of the roads have developed big potholes. Which of the following can be a possible effect of the above cause?

- A The municipal corporation had repaired all the roads in the city before the onset of monsoon with good quality material.
- B A large number of people have developed spine- related injuries after regularly commuting long distances by road within the city.
- C The municipal corporation has been careful in choosing the contractors for repairing roads in the past.
- D People always complain about potholed roads during the monsoon months.

E None of these

Answer: B

Explanation:

Formation of potholes on the road can cause spine related injuries to commuters as an effect.

5 CMAT mocks for Rs. 299

Question 4

It has been reported in recent years that a very large number of seats in engineering colleges in the country remain vacant at the end of the admission session. Which of the following may be the probable cause of the above effect?

- A There has been a considerable decrease in hiring of engineering graduates due to economic slowdown in the recent years.
- B Students have always preferred to complete graduation in three years, time instead of four years for engineering.
- C The Govt. has recently decided to provide post- qualification professional training to all engineering graduates at its own cost.
- D There has always been a very poor success rate among the engineering students.
- E None of these

Answer: A

Explanation:

Decrease in hiring in the recent years gives rise to decreased interest in Engineering admissions. Hence option A is correct.

Question 5

Cause: The Govt. has recently increased its taxes on petrol and diesel production by about 10 percent. Which of the following can be a possible effect of the above cause ?

- A The petroleum companies will reduce the prices of petrol and diesel by about 10 percent.
- B The petroleum companies will increase the prices of petrol and diesel by about 10 percent.
- C The petroleum companies will increase the prices of petrol and diesel by about 5 percent.
- D The petrol pumps will stop selling petrol and diesel till the taxes are rolled back by the govt.
- E None of these

Answer: B

Explanation:

To offset their losses, petroleum companies would increase the price of petrol by about 10%.

Question 6

Effect: Majority of the employees of the ailing organization opted for voluntary retirement scheme and left the organization with all their retirement benefits within a fortnight of launching the scheme. Which of the following can be a probable cause of the above effect ?

- A The company has been making huge losses for the past five years and is unable to pay salary to its employees in time.
- B The management of the company made huge personal gains through unlawful activities.
- C One of the competitors of the company went bankrupt last year.
- D The company owns large tracts of land in the state which will fetch huge sum to its owners.

E None of these

Answer: A

Explanation:

Option A points to the company being unprofitable and unable to pay the salaries. This can be a probable cause for the company offering voluntary retirement and the employees readily accepting the offer.
